Jonathan Miller, Director, Manager Research Team, Morningstar

10:30 – 10:45

Refreshment Break

10:45 – 11:15

The evolving retirement market post-freedoms

Matt will look at the direction of travel in the retirement market since the introduction of pension freedoms, including consideration of adviser, customer and provider perspectives. Through its core company assessment work AKG has closely monitored the evolving strategies of providers across the retirement market since the changes came into force. And in the production of pension freedoms themed publications in 2018 AKG carried out market research with both adviser and customer audiences which will bring further colour to this session about the evolving retirement market.

Matt Ward, Communications Director, AKG

11:15 – 11:45

How is retirement advice evolving?

Miranda will share some of her latest research on how retirement advice is evolving. The presentation will look at CRPs, how advisers are managing income in retirement, the make-up of retirement portfolios and getting more from drawdown.

Miranda Seath, Research Director, NextWealth

11:45 – 12:00

Closing Remarks

Dan Fairweather, Business Development Manager, Morningstar

12:00 – 12:45
